UWH Accountability, Stewardship, and Integrity

The UWH carefully invests donor dollars in UWH programs and in area organizations that provide direct services to those in need. Area community leaders serve as volunteers on the UWH Board of Directors and the UWH Community Investment Committee and make the investment decisions. UWH maximizes its limited resources through constant emphasis on accountability, stewardship, and integrity. The allocations applications (Part 1 and Part 2), the requested materials (Financial Statements through Annual Report), and the entire allocations process helps to ensure accountability, stewardship, and integrity when making funding decisions.
